

Coke & Henny, Pt. 2

Pink Sweat\$

[Intro]

Girl, who's gonna stand by you?

[Verse 1]

Who you gonna run to?

Girl, who's gonna stand by you?

Who you gonna lean on

If I ain't standin' right by you?

I really need to know now

Tell me, is it right or wrong?

'Cause I'm so numb inside

[Pre-Chorus]

Your love

It used to, used to, used to fill me up

But now I'm fillin' this cup

[Chorus]

Mixin' Coke and Henny got me low and dizzy

I just hope that you're sleepin' alone
Got me cold, I'm sweatin', pray these ghosts don't get me
I just hope that you won't let me fall

[Verse 2]

Was hopin' I could keep you
But you're gone to the wind now, love
Even in the distance
Soft breeze, I can feel your touch
Maybe I don't wanna know now
Mixin' drinks, tryna block out us
'Cause I'm so numb inside

[Pre-Chorus]

Your love
It used to, used to, used to fill me up
But now I'm fillin' my cup

[Chorus]

Mixin' Coke and Henny got me low and dizzy
I just hope that you're sleepin' alone
Got me cold, I'm sweatin', pray these ghosts don't get me
I just hope that you won't let me fall
Mixin' Coke and Henny got me low and dizzy
I just hope that you're sleepin' alone

Got me cold, I'm sweatin', pray these ghosts don't get me

I just hope that you won't let me fall

[Outro]

Girl, who's gonna stand by you?
