

Bouncin (feat. Offset)

Kiana Ledé

Rrrr

Somethin', my body's sayin' somethin'

I'm underwater, drownin'

I know that I ain't trippin'

Can't leave without it

Bounce, then, I'll take you to my house and

I'll show you all around it

Yeah, we could keep it bouncin'

Yeah, we could keep it-

I don't know if you could deal with it, ayy

Whip it up and make a meal with, ayy

Ain't nobody gettin' real with it, ayy

Freak it up, break it down, break it down, down

Ooh, what am I seein' right now?

Ooh, lookin' so good with the lights out

I don't know you, but I want to, yeah

Put a move on it, I like that

If you want it, you could reel it in, show me what you got

And we don't gotta talk 'bout it, oh yeah

Somethin', my body's sayin' somethin'

I'm underwater, drownin'

I know that I ain't trippin'

Can't live without it (Woo)

Bounce, then, I'll take you to my house and

(Woo, woo, woo, woo)

I'll show you all around it

Yeah, we could keep it bouncin'

Yeah, we could keep it-

(Woo, woo, woo, woo, Offset)

I'm drownin' in water (Drown)

Got diamonds up on your water (Splash)

This Birkin a quarter, hop on jets across the border (Jet)

Throw it down like a tortoise (Tortoise)

You took it back, I support it (Bad)

I was sleep in the bando, no power, windows were boarded (No)

I get mad in my feelings (Mad), I go to music recordin' (Mad)

My wife is the baddest, she not a dime, she a quarter (She bad)

I go get the bag, it's for my two sons and two daughters (Who?)

Bounce it, then back it, and pop that shit with no order (Hey)

I done fell for a bad one (Fell), better than the last one (Yeah)

I'ma beat it, nail her to the wall like a plasma (Beat it)

Pull up in the fall, droppin' jaw, diamonds dancin'

Really from the Nawf, I might golf at the mansion (Nawf)

Summertime in the drop top or a Phantom (Drop top)

This gon' be your favorite song, bounce it to the anthem

I done ran this money up, somethin' I didn't imagine (Hey, who?)

You and me together, we make magic

Somethin', my body's sayin' somethin' (Hey)

I'm underwater, drownin' (Drip)

I know that I ain't trippin' (Drown)

Can't live without it (Woo)

Bounce, then, I'll take you to my house and

(Woo, woo, woo, woo)

I'll show you all around it (Bounce)

Yeah, we could keep it bouncin'

(Woo, woo, woo, woo, woo, woo)

Yeah, we could keep it-

She got a way to take your world and turn it sideways

I'm used to gettin' what I want, I like it my way (She bad)

Hit 'em like a landslide (Woo)

Never make it rain, make it pour

Make it go left, right, left, right

Feelin' like I should let you know (Hey)

Somethin', my body's sayin' somethin' (Hey)

I'm underwater, drownin' (Drip)

I know that I ain't trippin' (Drown)

Can't leave without it (Woo)

Bounce, then, I'll take you to my house and

(Woo, what, woo, woo)

I'll show you all around it

Yeah, we could keep it (Woo, woo)

One, two, three, finished (Woo, woo, woo)
