

For What It's Worth

FKi 1st

See I tried to be normal but that shit aint work
I tried to fall in love she end up getting hurt
people sell their soul for a versace shirt
I just wanna live for what its fuckin worth
How can i be rich and still stay down to earth
They say if you work you get what you deserve
Please don't complain bruh it could be worse
I just wanna live for what it's fuckin worth
Before I reach the earth
The Georgia dirt is where my feet at
everybody ask where I be at
Where the blunt where the smoke where the lean at I don't know
Bro I'm on that ATLien three stacks
See i aint got no time for this party ..no time no time
We tryna swap out these Nissans for Ferraris
I'd rather buy ten houses than some Bugattis
I'm tryna make a check then learn some karate
Just watch me
I'm still walking around with the VickThrow a bitch around me I get to pick got it
I'm just tryna keep my candle lit
My son need a Lego kit every month his shirt don't fit and his kicks don't fit but he gotta get fed
..whoa
Next time a ni**a sleep probably when a ni**a dead
See I tried to be normal but that shit aint work
I tried to fall in love she end up getting hurt
This people sell their soul for a versace shirt
I just wanna live for what its fuckin worth
How can i be rich and still stay down to earth
They say if you work you get what you deserve
Please don't complain bruh it could be worse
I just wanna live for what it's fuckin worth
Before I reach the earthfuckin up my love like my name Kurt
Cause I don't got the time to cater and serve
To no other soul I'm being honest boy to busy getting mine yeah I try, I try
To get it while I can while its in hands reach if you about your bread then I know you're yelling
preach [Okay
because we all got the same mind set yeah yeah
lets get it get it
if you in it then you in it in it
i'll let you know when we finish
hold upI just wanna live on an island
Matter fact might fuck around and just buy it

Have my family with me yeah we'll be chilling It's gon happen because I got the vision , I see
I tried to be normal but that shit aint work
I tried to fall in love she end up getting hurt
people sell their soul for a versace shirt
I just wanna live for what its fuckin worth
How can i be rich and still stay down to earth
They say if you work you get what you deserve
Please don't complain bruh it could be worse
I just wanna live for what it's fuckin worth
Before I reach the earth
