

Flexicution

Logic

Yeah
I'm like oh God, oh, oh my God
Bitch I run the game y'all just commentate from the side
I'm like oh God, oh, oh my God
Everything I do you know I do it for the squad
I'm like oh God, oh, oh my God
Bitch I run the game y'all just commentate from the side
I'm like oh God, oh, oh my God
Everything I do you know I do it for the squad
I'm like
This-this-this-this-the type of shit they said they really wanted
So I gave them this right here, now go get blunted
Check my last album all y'all know I run it
Flip the script just cause I couldn't fucking stunt it
This-this-this-this-the type of shit my life is all about
Check the Forbes list, you know I'm balling now
They say "Logic, you too humble boy, just let it out"
Fuck 'em all then, I'ma dead it now
Like oh, I think I know, I think I know
This flow, this super flow, out of control
Like woah, this shit like woah, I think I know
Like woah, like like woah, like likeLike this that flexicution
This is what the people say they wanted from me
Young boy, from the, from the, from the God
This that flexicution
This is what the people say they wanted
From the rap God, from the, from the, from the God
I'm like oh God, oh, oh my God
Bitch I run the game ya'll just commentate from the side
I'm like oh God, oh, oh my God
Everything I do you know I do it for the squad
I'm like oh God, oh, oh my God
Bitch I run the game ya'll just commentate from the side
I'm like oh God, oh, oh my God
Everything I do you know I do it for the squad
I'm likeHold on let me bring it back
Everybody know I'm bringing the facts
And they wonder why I got it like that
Cause I put everything right on the track
And you know I'ma fuck around and let it go
I been living like woah I been living you already know
And these motherfuckers wanna take up on every mistake

And I'm showing where I'm going
And I'm knowing what I'm doing
Intuition never switching
On a mission, motherfucker why is you bitching?
Why is you bitching?
Like God damn I'm like (oh God)
Hold up wait a minute they ain't ready for the hook
It's another day, another book
I feel like Indiana in Atlanta hotter than Havana
Coming with the stamina
Bitch put down your camera
And live in the moment
This shit right here everybody gon' want it
So what up with it?
Any and everybody talk about that boy changing
Y'all can just shut up with it cause I know
Ain't none of y'all getting the flow Boy this that flexicution
This is what the people say they wanted from me
Young boy, from the, from the, from the God
This that flexicution
This is what the people say they wanted
From the rap God, from the, from the, from the God I'm like oh God, oh, oh my God
Bitch I run the game ya'll just commentate from the side
I'm like oh God, oh, oh my God
Everything I do you know I do it for the squad
I'm like oh God, oh, oh my God
Bitch I run the game ya'll just commentate from the side
I'm like oh God, oh, oh my God
Everything I do you know I do it I know, I know, I know, I know, I know, I know
It's been a hell of a ride up (It's been a hell of a ride up)
Hell of a ride up (It's been a hell of a ride up)
I know, I know, I know, I know, I know, I know
That I've been M.I.A, but I was tied up
Till I heard you talking shit, now I'm fired up
