

Baby Come Back to Me

Kane Brown

[Chorus]

Baby come back to me
Give me one more chance
One more chance to be, to be a better man
This don't have to be goodbye
Don't do this to me tonight
Just come back to me
Yeah, baby come back to me

[Verse 1]

Don't make this bed get colder
Don't make me sleep alone
Don't make me burn our picture
Don't make me hate our song
Don't keep me goin' crazy
Climbin' up these walls
Don't you keep me up all night
Waitin' for your call

[Chorus]

Baby come back to me
Give me one more chance
One more chance to be, to be a better man
This don't have to be goodbye
Don't do this to me tonight
Just come back to me
Baby come back to me

[Verse 2]

Don't you go get lonely
Don't put on that dress
Don't go goin' downtown
Don't go turnin' heads
Just think about the good times
And everything we had
Don't go throwin' that away
I need you so damn bad

[Chorus]

Baby come back to me

Give me one more chance
One more chance to be, to be a better man
This don't have to be goodbye
Don't do this to me tonight
Just come back to me
Yeah, baby come back to me
Woo

[Bridge]
Don't make this bed get colder
Don't make me sleep alone

[Chorus]
Baby come back to me
Give me one more chance
One more chance to be, to be a better man
This don't have to be goodbye
Don't do this to me tonight
Just come back to me
Yeah, baby come back to me
Just come back to me
Yeah, come back to me
Come back to me
Come back to me
