

# Over It

## Stereo Skyline

I woke up today with my mind made up  
and my heart shook up okay  
maybe we'll be a little bit better off this way  
(ahh ahh)  
(ahh ahh)

I picked up my phone to say  
that I'm over all these games we like to play 'Cause now I'm done with stupid love  
got messed around and now my head's messed up.

I'm done thinking you're the one  
just so you know I'm oh oh over it  
just so you know I'm oh oh over it  
I woke up today with my heart on my sleeve  
hoping you would say  
sorry to me but it's all the same  
(ahh ahh)  
(ahh ahh)

I picked up my phone to say  
that I'm over all these games we like to play 'Cause now I'm done with stupid love  
got messed around and now my head's messed up.

I'm done thinking you're the one  
just so you know I'm oh oh over it 'Cause now I'm done with stupid love  
got messed around and now my head's messed up.

I'm done thinking you're the one  
just so you know I'm oh oh over it  
just so you know I'm oh oh over it  
So you say you want me back  
well it doesn't hurt to ask

But there's no way no not today yeah 'Cause now I'm done with stupid love  
got messed around

'Cause now I'm done with stupid love  
got messed around and now my head's messed up.

I'm done thinking you're the one  
just so you know I'm oh oh over it  
just so you know I'm oh oh over it
