

# Change Your Life (feat. Jhené Aiko)

Kehlani

I heard that you a gang-gang-gangsta  
Not one to try to sa-sa-savor  
Always focus on your paper  
Don't got time to wager with your heart  
I'm tryin' to switch up your cadence  
Book flights and vaca-ca-cations  
Tequila and rela-la-lations  
Kissin' on new places, oh whoa  
Baby, let me change your life  
You wanna see (everything)  
That you can be anything you want (anything)  
Baby, let me change your life  
You wanna be (everything)  
You wanna be anything (anything)  
Baby, I can make you right  
You wanna see (everything)  
That you can be anything you want (anything)  
Baby, let me change your life  
You wanna be (everything)  
You wanna be anything (anything)  
You could be anything, everything (yeah)  
I'm not sayin' that you incomplete, but  
Just imagine what we'd be if we became one  
You deserve someone that'll take you to another level  
Let me put you on  
You've got so much potential, I really am fuckin' with you  
Just open your heart  
I'm tryna get you right, take you to the other side  
Baby, let me change your life  
You wanna see (ooh, woah)  
That you can be anything you want  
Baby, let me change your life  
You wanna be (wanna be)  
You wanna be anything (anything, yeah)  
Baby, I can make you right (ooh woah)  
You wanna see (I see)  
That you can be anything you want (anything)  
Baby, let me change your life (let me)  
You wanna be (if you wanna be)  
You wanna be anything  
You could be anything, everything  
Look, wanna be a lover? I can teach you love, yeah  
Wanna be a hubby? You can wife me up (yeah)

Wanna be a chef? Go on and spice it up  
Wanna be a boxer? Beat it up, don't ever need no glove  
When I retire, different bitches and lifestyle  
There'll still be models, IG honeys all shaped like bottles  
And now you seein' that it's more than body, face, and smile (yeah)  
You see me, and you look beyond it, you feel inspired (yeah)  
I'm here to excel with you  
Here to break bread with you  
Here to travel the world and sleep in different beds with you  
Here to make revenue  
And always impressin' you  
Baby, let me change your life  
You wanna see (everything)  
That you can be anything you want (anything)  
Baby, let me change your life  
You wanna be (everything)  
You wanna be anything (anything)  
Baby, I can make you right  
You wanna see (everything)  
That you can be anything you want (anything)  
Baby, let me change your life  
You wanna be (anything)  
You wanna be anything (anything, wanna be)  
You could be anything, everything
