

Wild Love

Elle King

Love is a kiss
Love is a risk
Love might be our redemption, oh oh
Love is on time
Love is not blind
Love might be our addiction, oh oh Let's make some more,
Give it away
You call me crazy,
That's why you stay, oh oh Take love to no love, doesn't it?
Maybe we should love for the fun of it
Uh, baby, for the fun of it
Lo-lo-lo-lo-love you all day like
Take love to no love, doesn't it?
Maybe we should love for the fun of it
Uh, baby, for the fun of it
Lo-lo-lo-lo-love you all day Wild love,
Uh, you give me
Wild love
Uh, I got your
Wild love
I really wanna lo-lo-lo-love you all day Love is a cure
Love is for sure
Oh love might keep us here together, woah
Might be the one
Jump in a gun
But I feel like love can last forever
So love again and again, yeah
Let's make some noise
Give it away
You call me crazy
That's why you stay, oh Take love to no love, doesn't it?
Maybe we should love for the fun of it
Uh, baby, for the fun of it
Lo-lo-lo-lo-love you all day like Take love to no love, doesn't it?
Maybe we should love for the fun of it
Uh, baby, for the fun of it
Lo-lo-lo-lo-love you all day Wild love
Ooh will you give me wild love?
Ooh I got your wild love
I really wanna lo-lo-lo-love you all day Love might be our redemption, woah Take love to no
love, doesn't it?
Maybe we should love for the fun of it?

(Love might be our redemption)
Ooh baby for the fun for it
Lo-lo-lo-lo-love you all day like
Take love to no love, doesn't it?
Maybe we should love for the fun of it?
(Love might be our addiction)
Ooh baby for the fun for it
Lo-lo-lo-lo-love you all dayWild love
Ooh I got your wild love
Ooh will you give me wild love?
I really wanna lo-lo-lo-love you all dayLove might be our redemption
