

# World In Our Hands

## Quintino & Alvaro

When days are silver  
The night is is gold  
Never forget that  
We're on the road  
To learn, to live for the moment  
That we can't put in the words  
I got a feeling that we're close now  
Yeah we finally found a way  
So if you don't know where to go now  
To you I say  
This is for the ones who run the night  
This is for the ones who want it all  
And this is for the ones who know that tonight  
We got the world in our hands  
Yeah!  
This is for the ones who save a life  
This is for the ones who take control  
And this is for the ones who know that tonight  
We got the world in our hands  
Yeah! Yeah! Yeah! Yeah!  
Yeah! Yeah! Yeah! Yeah!  
Yeah! Yeah! Yeah! Yeah!  
Yeah! Yeah! Yeah! Yeah!  
Yeah!

The night that we stand 'till the break of dawn  
But don't forget when the morning comes  
To learn to live for the moment  
That we can't put in the words  
I got a feeling that we're close now  
Yeah we finally found a way  
So if you don't know where to go now  
To you I say  
This is for the ones who run the night  
This is for the ones who want it all  
And this is for the ones who know that tonight  
We got the world in our hands  
Yeah!  
This is for the ones who save a life  
This is for the ones who take control

And this is for the ones who know that tonight  
We got the world in our hands  
Yeah! Yeah! Yeah! Yeah!  
Yeah! Yeah! Yeah! Yeah!  
Yeah! Yeah! Yeah! Yeah!  
Yeah! Yeah! Yeah! Yeah!
