

The Difference (feat. Toro y Moi)

[Flume](#)

The difference in between
All the faces you read
When the grass ain't green When you fix everything I don't know about you but I got to
Get it out and I don't know how soon
But if we die, I want to bring the whole thing Who cares about a game
When it's all been replaced
Each level feels the same
It really goes either way I don't know about you but I got to
Get it out and I don't know how soon
But if we die, I want to bring the whole thing
Just another world that I gotta get a grip of and hold onto
Just another world that I gotta get a grip of and hold on
Just another world that I gotta get a grip of and hold onto
Just another world that I gotta get a grip of and hold onto
