Get the fuck out my face, fuck a nigga where the hell you was at when a nigga had nothing,  
I'm talking when the nigga he was hustling  
(I was hustling)  
I'm talking about the pork & beans & weenies I was eatin every night before the grubbin.  
(Before the steak)  
I'm talking about the lil money I was gettin before 18 way before the clubbin  
Now I got my sack right nigga  
Still in the trap house kitchen  
Let some of my money come up missing  
Fuck around, slap the shit at all these niggas!  
Trap house bunkin got all these pistols  
My nigga Thug rich broke doing all that whipping  
And I got a 4 4, I gotta call no killer (No, nigga!)  
More money, more problems,  
I can solve that issue (let go!)  
If it's all my hip I'mma put a motherfucker back just like sling shot  
You aint hold your homie down like you're suppose to  
Cause he ain't never been heard of a green dot  
He ain't got all that shit he say

Cause I've heard they've been listening to a nigga conversation!
