

Fall On Me

A Great Big World & Christina Aguilera

[Verse 1: A Great Big World]

Sooner or later the lights up above

Will come down in circles and guide me to love

I don't know what's right for me

I cannot see straight

I've been here too long and I don't wanna wait for it

[Verse 2: A Great Big World]

Fly like a cannonball straight to my soul

Tear me to pieces and make me feel whole

I'm willing to fight for it

To feel something new

To know what it's like to be sharing a space with you

[Chorus: A Great Big World]

Fall on me

With open arms

Fall on me

From where you are

Fall on me
With all your light
With all your light
With all your light

[Verse 3: Christina Aguilera]

Sooner or later, it all comes apart
The walls are all shattered, I'm back at the start
And I'm willing to follow this
Wherever it goes
The heart has its reasons that nobody knows

[Verse 4: Christina Aguilera]

And I wanna believe in a world we can't see
Millions of particles passing through me
And I know there's a meaning
I feel it, I swear
I can't see the future, but I know that it's there

[Chorus: Christina Aguilera with A Great Big World]

Fall on me
With open arms
Fall on me
From where you are
Fall on me

With all your light

With all your light

With all your light

With all your light

[Bridge: Christina Aguilera & A Great Big World]

I close my eyes

And I'm seeing you everywhere

I step outside

It's like I'm breathing you in the air

I can feel you're there

[Chorus: Christina Aguilera & A Great Big World]

Fall on me

With open arms

Fall on me

From where you are

Fall on me

With all your light

With all your light

With all your light

[Outro: Christina Aguilera]

With all your light

Mmm, mmm-hmm
