

To the Dungeons (feat. NateWantsToBattle)

CG5

[Verse 1: CG5]

Good morning
I've been waiting for you
But no more waiting
It's time for an adventure
And maybe, we'll save a friend or two
You know, all we gotta do
Is do it all together

[Pre-Chorus: CG5]

Two brave heroes are better than one
And me and you are gonna be
Are gonna be a phenomenon
Red or blue, we're the rescue team
That they've all been waiting for, so
Let's go make history!

[Chorus: CG5 & NateWantsToBattle]

Hi-ho, to the dungeons we go
Can you hear the caves calling out our names?
Another day, another battle
One more escapade
One more job to do today!

[Verse 2: NateWantsToBattle]

With every step we take
Danger will follow closely
We may ache and ache
But we carry on, so boldly
How did I get here?
It's a mystery
Do I live in fear
Or do I rewrite my story?

[Pre-Chorus: NateWantsToBattle, CG5]

Two brave heroes are better than one
And me and you are gonna be
Are gonna be a phenomenon
Red or blue, we're the rescue team
That they've all been waiting for, so
Let's go make history!

[Chorus: CG5 & NateWantsToBattle]

Hi-ho, to the dungeons we go
Can you hear the caves calling out our names?
Another day, another battle
One more escapade
One more job to do today!

[Bridge: NateWantsToBattle, CG5, Both]

Maybe, I'm dreaming, comatose
But it feels like I'm always on my toes
Can't take this new life for granted
Today and everyday, I'll make it worth it

[Chorus: CG5 & NateWantsToBattle]

Hi-ho, to the dungeons we go
Can you hear the caves calling out our names?
Another day, another battle
One more escapade
One more job to do today!

[Outro: CG5 & NateWantsToBattle]

With every step we take
Danger will follow closely
We may ache and ache
But we carry on!
