

be a man (feat. WHATUPRG)

[nobigdyl.](#)

[Intro]

You tried to squeeze light out of darkness and it's not working

I've done this all my life, I don't know anything else

If I can't be this, who am I?

Who am I?

[Chorus: nobigdyl.]

Be a man, be a man, be a man, be a man

Be a man, be a man, be a man, be a man

Cut her off of my team, yeah

I don't ice her left hand, yeah

Hear 'em scream from the stands, yeah

This how you be a man

Be a man, be a man, be a man, be a man

Be a man, be a man, be a man, be a man

Cut her off of my team, yeah

I don't ice her left hand, yeah

Hear 'em scream from the stands, yeah

This how you be a man

[Verse 1: nobigdyl.]

Why those bones in my closet?

I don't know, I'm agnostic

Skeleton and got venom in and though I did it, I can't admit it

I've got an image I've conjured

Use her soul as my food

Wipe the blood off my shoe

Look at me I'm so cool

I just wanna flex

Started with a kiss and it ended with a death

I know that I'll miss

I done made a mess

I knew what the cost was when I took the debt, look

I just wanna ball, I don't listen to the refs

I just did her wrong and this isn't even like me

I've been readin' Paul, I been listenin' to Spike Lee

Feelings got involved and I didn't do the right thing

Tell 'em be cautious

Got a hole in my conscience

"Boys will be boys, bodies are toys," I was raised with the nonsense

Treat the girl like a barbie

Body and clothes and hair

Know that it's so unfair

She got a soul in there

[Chorus: nobigdyl.]

Be a man, be a man, be a man, be a man

Be a man, be a man, be a man, be a man

Cut her off of my team, yeah

I don't ice her left hand, yeah

Hear 'em scream from the stands, yeah

This how you be a man

Be a man, be a man, be a man, be a man

Be a man, be a man, be a man, be a man

Cut her off of my team, yeah

I don't ice her left hand, yeah

Hear 'em scream from the stands, yeah

This how you be a man

[Verse 2: WHATUPRG]

Peter Pan, Peter Pan, Peter Pan, Peter Pan

Rather be a kid my whole life

Than act like the man I am, uh

Bit on the fruit like Eve, huh

Shoulda treated you like a queen, uh

I shoulda let God intervene, uh

But it's all good when I pull up, uh

Sex game got me Deeboed

She pickin' up my lingo
Never been with a Latino
With me, she bilingual
I know this is toxic
But she can sense my fondness
Know it's people watchin'
I need a pause 'cause
I might be the reason why my friends don't turn to Jesus
I been holy on the surface but a heathen in the DMs
I know you believed in me before the nonsense
It's time to

[Outro: nobigdy1.]

Be a man

(sword being drawn)
