

News for You

Eric Benét

You tell me, that love it ain't going your way
'Cause you've been searching but good ones are hard to find
Said you won't settle, for less than your heart is asking
And life's too precious, just to be wasting time
Disappointment is something that's so familiar
You get them hopes up high, to watch 'em fall again
So you stop trying, to find your one in a million, yeah
And the language of your love can't nobody comprehend

Well listen to this, see I got news for you, 'cause you don't know how I do
I find ways to make you smile, they never know about
Reaching corners of your mind, that no one's trying to find,
Think your time for love is through, I got news for you

Ooh I got news for you, yeah baby

Your body's glistening, all over with satisfaction, yeah
I've shown you pleasures girl, you thought you'd never feel
Said you were flying, like the world was far below us
You said there's no way that, I could take you higher still

Well listen to this, 'cause I've got news for you
I still got work to do, and you're thinking that I'm done
That's when I've just begun, touching corners of your mind
That no one's tried to find, and you think my love is through
Girl, I've got news for you

Ooh I've got news for you, I got news for you
Ooh I've got news for you, yeah babe

Don't you worry 'bout me leaving, girl
Ain't trying to be deceiving, you said I'm too good to be true
Baby I got news for you, girl
Don't you worry I'll be leaving, ain't trying to be deceiving
You said I'm too good to be true, well I got news for you

I've got news for you, 'cause you don't know how I feel
There are ways to make you smile, that you never knew about
Touching corners of your mind, no one's tried to find
When your time on earth is through, I've got news for you
I got news for you, 'cause you don't know how I do

Oooh I got news for you repeat to fade
