

# Home Body (feat. Gunna & TK Kravitz)

Lil Durk

DY Krazy

Diamond aroundBaby when I smash you, put your back in it

Get that first nut, then I'm back in it

Can you go deep? you keep asking it

Don't take a whole perc, she want half of it

Drug sex, drug sex, yeah yeah

Rich sex, rich sex, yeah yeah

I know you nasty

She be touchin' on her own body

Don't like no outside bitch, I like a home body

First time he fucked and I told nobody

Thought she was a Pretty Ricky bitch but she like Yo Gotti

Thinking she a pretty decent bitch but she a ho probably

A trip from LAX, she took some coke probably

Wait 'til we leave Dubai then show her Coke body

Drug sex, I might fuck her off a Xanax

Stay woke, you can't take it, I'm not in yet

That rough sex get her goin'

You not gon' tell me 'bout no baby 'til you showin'

I got a lil ho at V-Live

She got her butt tatted on each side

I like her, she a boss and she don't D ride

And I wear the pants, she don't decide

Don't talk about your ex, you know he mad

Bad bitch, you conceited

Baby when I smash you, put your back in it

Get that first nut, then I'm back in it

Can you go deep? you keep asking it

Don't take a whole perc, she want half of it

Drug sex, drug sex, yeah yeah

Rich sex, rich sex, yeah yeah

I know you nasty

She be touchin' on her own bodyYou my bitch, I can't change you with nobody

My whips just like my women 'cause they all exotic

We been fuckin' for a year, they still don't know about it

All the flights are private, got a personal pilot

Put my dick all in her rack and gotta deep inside

Pussy wetter than a Patek, it's drippin' off her body

Turn the cameras on my neck, you think a light done blind you

Pushin' a three star penthouse suite but can't nobody find you

She text her love, havin' drug sex, yeah yeah

2 Tes-la-s, yeah yeah yeah

Suckin' dick, with no hands  
Use no hands if you callin' him, yeah yeah I see you yellin' out my name but you ain't sayin' shit  
No you ain't sayin' shit, you don't know who you playin' with  
I might die up in that pussy, I might overdose  
And you know I'm ridin' with you 'cause we hella close  
Got the baddest bitch in it, I don't mean to boast  
Champagne every day, we don't need to toast  
A young nigga stayin' solid, I don't do the most  
So baby fuck me good before I go ghost Baby when I smash you, put your back in it  
Get that first nut, then I'm back in it  
Can you go deep? you keep asking it  
Don't take a whole perc, she want half of it  
Drug sex, drug sex, yeah yeah  
Rich sex, rich sex, yeah yeah  
I know you nasty  
She be touchin' on her own body
