

# Give Me a Call

Mitch

[Intro:]

It's Mitch Again

Dedicated to all the lovers

I-I-ahhhh-aahhhh

Yeah, yeah, yeah

Right

[Chorus:]

Here's my number

Baby you can give me a call (anytime you like)

Don't worry bout a thing my baby girl (it will be alright)

See I wanna be the man that you give the job (to keep you satisfied)

All ni-I-iiight, all niiiiight

Yeah...

[Verse 1:]

I wanna be the man to hold and squeeze you

Wanna be the man to rub your body down

Baby girl I'm here to please you

Girl your face will never wear a frown

Be that shoulder you cry on

If you're ever feeling down

I'll always love you

And I'll always be around

[Chorus:]

Here's my number

Baby you can give me a call (anytime you like)

Don't worry bout a thing my baby girl (it will be alright)

See I wanna be the man that you give the job (to keep you satisfied)

All ni-I-iiight, all niiiight

Woooah Yeah...

[Verse 2:]

All that I know is I need your love

Baby girl it's me that you need to hug

All of the things I wanna do to you

You and I know, we won't let go

Deep is the love that I feel inside

I can see you as my bonafide

I'll treat you better than any other man in all

Wooah-oh-oh-oh

[Chorus:]

Here's my number

Baby you can give me a call (anytime you like)

Don't worry bout a thing my baby girl (it will be alright)

See I wanna be the man that you give the job (to keep you satisfied)

All ni-I-iiight, all niiiiight

Yeah...

[Verse 3:]

All I wanna do is give you my all

When you get my loving

You're gonna fall

That I hope you see

We were meant to be

Baby girl just know... I'm waiting on your call

[Chorus:]

Here's my number

Baby you can give me a call (anytime you like)

Don't worry bout a thing my baby girl (it will be alright)

See I wanna be the man that you give the job (to keep you satisfied)

All ni-I-iiight, all niiiiight

[Chorus:]

Here's my number

Baby you can give me a call

Baby girl, gih-gih give me a call (it will be alright)

Baby girl (it will be alright)

See I wanna be the man that you give the job

Give the job, Gih-gih give the job

All ni-I-iiight, all niiiiight

Yeah...
