

# Whine Up (feat. Elephant Man)

Kat Deluna

It's summertime  
Ladies looking hot  
Shaking up what they've got  
Elephant Man and Kat, c'mon Sense is telling me you're looking  
I can feel it on my skin  
Boy I wonder what would happen  
If I trip and let you in Don't get sby my aggression  
I just might be the one  
Let's skip this conversation,  
Just whine your body up (Ha ha ha)  
Don't wanna wait no more  
(Ha ha ha)  
You got what I'm searching for  
I'm feeling your vibing  
I'm riding high is exotic  
And I want you,  
I want you here Pull me closer and closer  
And hold me tight to your body  
I wanna feel you,  
I wanna feel you near Whine up, whine up, whine up, oye!  
Whine up, whine up, whine up, oye!  
Whine up, whine up, whine up, oye!  
Whine up, whine up, whine up, oye! A ese nene lo tengo trikiao  
Cuando lo bailo lo bailo de lao  
Y lo empujo lo tengo tumbao  
Con mis caderas lo tengo amansao wind!  
Boy keep doing  
What you're doing get me hot  
Winding up your body  
You don't have to stop My temperature is rising  
Want you more than before  
It's an animal attraction,  
Whine your body up (Ha ha ha)  
It's the magic on the floor  
(Ha ha ha)  
I don't wanna wait no more 'Cause I'm feeling your vibing  
I'm riding high is exotic  
And I want you  
I want you here Pull me closer and closer  
And hold me tight to your body  
I wanna feel you,  
I wanna feel you near Whine up, whine up, whine up, oye!

Whine up, whine up, whine up, oye!  
Whine up, whine up, whine up, oye!  
Whine up, whine up, whine up, oye! My dear,
