

# Falling

Alesso

Right here, right now, it's all we need  
Relax your mind and set it free  
Be all you got, be all I see  
The way you move, the way you feel Look at me I'm falling, falling  
Feeling like I'm love blind, taking over my mind  
Look at me I'm falling, falling  
Feeling like I'm love blind, taking over my mind Look at me I'm falling, falling  
Feeling like I'm love blind, taking over my mind  
Look at me I'm falling, falling  
Feeling like I'm love blind, taking over my mind  
Look at me I'm falling, falling  
Feeling like I'm love blind, taking over my mind  
Look at me I'm falling, falling  
Feeling like I'm love blind, taking over my mind  
Look at me I'm  
Right here, right now it's all we need  
Relax your mind and set it free  
Be all you got, be all I see  
The way you move, the way you feel Look at me I'm falling, falling  
Feeling like I'm love blind, taking over my mind  
Look at me I'm falling, falling  
Feeling like I'm love blind, taking over my mind  
Look at me I'm falling, falling  
Feeling like I'm love blind, taking over my mind  
Look at me I'm falling, falling  
Feeling like I'm love blind, taking over my mind Look at me I'm fall...  
Look at me I'm falling, falling  
Feeling like I'm love blind, taking over my mind  
Look at me I'm falling, falling  
Feeling like I'm love blind, taking over my mind  
Look at me I'm falling, falling  
Feeling like I'm love blind, taking over my mind  
Look at me I'm falling, falling  
Feeling like I'm love blind, taking over my mind Look at me I'm fall...  
Look at me I'm fall...  
Look at me I'm fall...
