

# Lost In California

## Little Big Town

[Verse 1]

There's a long stretch of desert through the canyon  
And colors painted we ain't ever seen, yeah  
I wanna take off runnin' barefoot, wild abandon  
Just you and me

[Chorus]

I just wanna burn, I just wanna burn for you baby  
Wanna get caught, get caught up in your summertime  
Whisper in my ear, dreamin' disappear, say you'll take me  
Where the world unwinds  
Lost in California

[Verse 2]

Let's chase the waves and let 'em take us under  
On some deserted piece of virgin sand, yeah  
Hold on to the freedom and the wonder  
While we can

[Chorus x2]

I just wanna burn, I just wanna burn for you baby  
Wanna get caught, get caught up in your summertime  
Whisper in my ear, dreamin' disappear, say you'll take me  
Where the world unwinds  
Lost in California

[Instrumental Outro]
