

# Lay It Down

Jordan Feliz

I hear you call my name  
I don't want to hesitate  
I can't live another day like this  
So here I am, letting go  
Into your saving arms  
Your love is lifting every burden  
and I hear you say Lay it down  
Lay it down  
Lay it down  
Lay it down  
Lay it down  
Lay it down  
(Lay it down)  
(Lay it down)  
(Lay it down)  
That shame has fallen off  
swept up by your love  
Sinking to the depths of the ocean  
It's here where I find my peace  
It's here where you cover me  
I'm leaning in to hear you say...  
and you say Lay it down  
Lay it down  
Lay it down  
Lay it down  
Lay it down  
Lay it down  
All the pain  
All the weight  
Every scar I will take so  
Lay it down  
Lay it down  
Lay it down  
Lay it down  
All of my chains have been undone  
Every battle you have won  
Here in your presence I am free  
If you tell me Lay it down  
Lay it down  
Lay it down  
Lay it down  
Lay it down

Lay it down  
All the pain  
All the weight  
Every scar I will take so  
Lay it down  
Lay it down  
Lay it down  
Lay it downoooooooooh  
Lay it down  
oooooooooh  
Lay it down  
If you wanna find peace, just  
come lay it down  
If you wanna get free, just  
come lay it downif you wanna find peace, just  
come lay it down  
If you wanna get free, just  
come lay it down
