

# GO

## The Kid LAROI & Juice WRLD

Okay, go, go, go  
She always be talking like she know, know, know  
I told her don't ever leave me 'lone, 'lone, 'lone I guess I'm accident-prone, prone, prone  
Prone, prone, prone, oh  
Go, go, go  
She always be talking like she know, know, know  
I told her don't ever leave me 'lone, 'lone, 'lone  
I guess I'm accident-prone, prone, prone  
Prone, prone, prone, oh  
I don't know no better (I don't)  
I just wan' get into things, I just want mine better (Nah)  
You f-- up my brain, you don't know no better, yeah (Okay)  
Wish I knew you better, but I don't know no better  
So I keep doing what I know best, yeah  
You're really good at f---in' with me, girl, I'll give it to you (I will)  
But I am out here doing this for me and not for you  
I done f----d around and got attached, damn, I'm so with you  
I don't know what to do, I don't know what to do And I should slide for you  
And that's my biggest problem, in denial 'bout you  
Tonight, I'll go open up the night for you  
Probably die for you, fuck around and lie for you  
Probably cry for you  
Okay, go, go, go  
She always be talking like she know, know, know  
I told her don't ever leave me 'lone, 'lone, 'lone  
I guess I'm accident-prone, prone, prone  
Prone, prone, prone, oh  
Go, go, go  
She always be talking like she know, know, know  
I told her don't ever leave me 'lone, 'lone, 'lone  
I guess I'm accident-prone, prone, prone  
Prone, prone, prone, oh Woah, woah, woah  
Perky with the lean, it got me slow, slow, slow  
And yeah, I know I made a few mistakes before  
But you know I ain't f----n' with these h-- no more  
Won't let go, I'm the type to show you that you're too special  
Please don't be the type to hate the things I do  
And I'll ride for you, and I'll die for you  
Homicide for you And I should slide for you  
And that's my biggest problem, in denial 'bout you  
Tonight, I'll go open up the night for you  
Probably die for you, f--- around and lie for you

Probably cry for you Okay, go, go, go  
She always be talking like she know, know, know  
I told her don't ever leave me 'lone, 'lone, 'lone  
I guess I'm accident-prone, prone, prone  
Prone, prone, prone, oh  
Go, go, go  
She always be talking like she know, know, know  
I told her don't ever leave me 'lone, 'lone, 'lone  
I guess I'm accident-prone, prone, prone  
Prone, prone, prone, oh
