

# Sister Marie Says (Str8jackets Deluded Rub)

## Orchestral Manoeuvres In the Dark

Sister Marie Gabriel says she's a chosen one,  
And if we hear the message then the kingdom will be come  
And Sister Marie Gabriel knows what she says is true  
Her words are full of wisdom and you know they need no proof  
I don't know exactly what I'd do  
If everything she told us would come true And Sister Marie Gabriel says turn away from sin.  
Turn your face to Jesus and prepare to let him in.  
Life is full of sorrow and you need a rest from pain  
So call yourself believers and you'll all get fooled again.  
I don't know exactly what I'd do  
If everything she told us would come true  
Sister Marie says  
(repeat)
