

# Better Off This Way

## A Day to Remember

I wonder if you'll notice  
If they lock me up and throw away the key  
Gotta be open minded  
You've got a lot to learn in the ways of me  
You've always got to say something  
I'm none of your concern but you won't listen at all  
You know I'd rather say nothing  
And just be proud of myself I'm tearing down these walls. When you fall I'll be the only one  
who looks away  
When you call I'll be the first to tell you I can't stay  
It's all over, I found a better way  
To help keep you from me, I'm better off this way  
Wo-oh I'm better off this way  
Wo-oh You gotta keep this coming  
Tell me like you know it but you don't know nothing, your call.  
We can settle this like gentlemen  
Or meet me at the back to end it all and start again.  
My whole life's been waiting  
Ever since I can remember been anticipating your fall  
And God let it be a long one  
I can't let go of my life till I know you're done. When you fall I'll be the only one who looks  
away  
When you call I'll be the first to tell you I can't stay  
It's all over, I found a better way  
To help keep you from me, I'm better off this way  
Wo-oh I'm better off this way  
Wo-oh You want it, you got it  
You've always been such a waste of time  
You want it, you got it  
A friend of yours is no friend of mine  
You want it, you got it  
When will you act your age  
You want it, you got it  
You're the reason things have to change Wo-oh You're the reason things have to change  
Wo-oh When you fall I'll be the only one who looks away  
When you call I'll be the first to tell you I can't stay  
It's all over, I found a better way  
To help keep you from me, I'm better off this way Wo-oh I'm better off this way  
Wo-oh I'm better off this way
