

I Love U In Me

Prince

[Verse 1]

She took off her dress, and I took a peek
While thunder storm played hide and seek
I begged for a kiss, she gave me seven
Our lips touched and it feel like heaven

[Chorus]

Everything I want is what she does to me
She don't blush 'cause she's so damned free
When she makin' love it's like surgery
And she say, ooh
I love you in me

[Verse 2]

I promised myself not to come until she does
And she took both hands and a liar I was
No man in this world could ever hope to last
When my baby down shifts
And starts pumpin' fast

[Chorus]

Everything I want is what she does to me
She don't blush 'cause she's so damned free
When she makin' love it's like surgery
And she say, ooh
I love you in me

[Bridge]

I love you, I love you, in me

[Verse 3]

Our bodies sink in a pool of sweat
It's the kind of love that you never forget (Never forget)
With you honey, I'm the richest in the world (So rich)
I don't need money 'cause you're my girl
(Need money cause you're my girl)

[Chorus]

Everything I want is what she does to me
She don't blush 'cause she's so damned free

When she makin' love it's like surgery
And she say, ooh
I love you in me

[Modified Chorus]

Everything I want is what she does to me
Ou don't blush 'cause she's so damned free (So free)
When we makin' love it's like surgery (Yeah)
And she say, ooh
I love you in me
