

# Stay Closer

ZHU

Stay...  
With me...  
I need your body closer...  
Stay... stay... with me...  
I need your body closer...  
Stay... I need your body closer... Stay with me, I need your body closer...  
Stay... I need your body closer...  
stay with me... I need your body closer... Stay... stay... stay... I need your body closer... stay...  
with me...  
I need your body closer...  
Stay... I need your body closer... stay  
Stay with me... I need your body closer...
