

Wheels

Justin Moore

Tonight, shoulda swallowed my pride
Stood in the driveway 'til I saw it her way
But tonight, she let the gravel fly
Tore out on the two lane, hope it ain't too late
Highway reflectors bouncing off the headlights
Gotta do what I gotta do to make these twenties whineWheels
Just as fast as I can go gotta keep 'em turnin'
Wheels
Got the hammer down, got the Firestones burnin'
Out the windshield
I'm searchin' for her taillights out in the distance
She's out there somewhere and time is tickin'
I pray this much I ain't just spinnin' my
Wheels
Green light would sure be nice
Still gonna gun it but I won't have to run it
305 letting all 8 fly
I pray a little harder every mile marker
She'll wake up beside me wearing my tank top
Gotta do what I gotta do to get her I won't stopWheels
Just as fast as I can go gotta keep 'em turnin'
Wheels
Got the hammer down got the Firestones burnin'
Out the windshield
I'm searchin' for her taillights out in the distance
She's out there somewhere and time is tickin'
I pray this much I ain't just spinnin' my
Pray this much I ain't just spinnin' my
Wheels
Spinnin' my wheels
No I ain't just spinnin' my wheels
Wheels
Just as fast as I can go gotta keep 'em turnin'
Wheels
Got the hammer down got the Firestones burnin'
Out the windshield
I'm searchin' for her taillights out in the distance
She's out there somewhere and time is tickin'
I pray this much I ain't just spinnin' my
Pray this much I ain't just spinnin' my
Pray this much I ain't just spinnin' my
Wheels

Spinnin' my wheels
No I ain't just spinnin' my wheels
