

Ugly (English Version)

Anitta

[Verse 1]

I don't ever want to feel like this again
Pickin' at my skin, tryna be perfect
But I feel worthless under the surface
I don't want anyone to feel like I feel
'Cause I know it's not real
It's all in my head, comparing myself to everyone else and

[Pre-Chorus]

Sometimes I'm not okay, but I know that it's okay
'Cause we all feel the same way
So what you're tryna say

[Chorus]

Even when I'm at my worst
When I've been down so long it hurts
When I'm feeling ugly, know I gotta love me
'Cause I'm, I'm still beautiful
Even when they throw their sticks and stones
I'ma be stronger on my own
When I'm feeling ugly, know I gotta love me
'Cause I'm always beautiful

[Verse 2]

Everywhere I go, they want me to fit in
They don't know where I've been
Whatever you go through, you're gonna get through
Just let me show you

[Pre-Chorus]

Sometimes I'm not okay, but I know that it's okay
'Cause we all feel the same way
So what you're tryna say

[Chorus]

Even when I'm at my worst
When I've been down so long it hurts
When I'm feeling ugly, know I gotta love me
'Cause I'm, I'm still beautiful
Even when they throw their sticks and stones

I'ma be stronger on my own
When I'm feeling ugly, know I gotta love me
'Cause I'm always beautiful

[Bridge]

Love me, love me
When I'm feeling ugly, ugly
Know I gotta love me, love me
'Cause I'm always beautiful
Even when I'm at my worst
When I've been down so long it hurts
When I'm feeling ugly, know I gotta love me
'Cause I'm, I'm still beautiful

[Outro]

Even when they throw their sticks and stones
I'ma be stronger on my own
When I'm feeling ugly, know I gotta love me (I gotta love me)
'Cause I'm always beautiful (Love me)
Love me, love me
When I'm feeling ugly, ugly
Know I gotta love me, love me (Love me)
'Cause I'm always beautiful
