

# Made of Sun

Kyau & Albert

You keep me walking in light  
And you keep me walking outside  
You keep me deceiving in me  
And you keep me staring on you

You are made of sun  
Take me to the light  
You are made of sun  
Take me to the light

Try to achieve in your smile  
You were able to conquer my eyes  
You keep me deceiving in me  
And you keep me staring on you

You are made of sun  
Take me to the light  
You are made of sun  
Take me to the light
