

# Crystal Ball

## Timeflies

Small town livin' chillin' acting like I'm cool  
While I'm one strappin' backpackin' probably actin' like a fool  
See I'm walkin' up to my V-dubs and rolling up to school  
And I'm feelin' like O'Doyle bitch I rule...See I grew up on a one way  
Only knowin' one way  
Thinkin' I could do it like a subway  
Underground sound passion  
And now I'm smashin' these bitches who make they livin' on a runway  
Fashion me with a mic now  
Might flash a free I might write down  
Shit, is this my life now? My crystal ball never showed me what life was like  
My crystal ball never showed me a life so bright  
And yeah you show me what to do  
You show me how it is  
But I don't need you  
To show me how to live  
My crystal ball  
My crystal ball  
My crystal ball OK  
Cuttin' school playin' hook  
But they call me Peter Pan  
Cause I'm never growin' up look  
I don't need a plan  
See they never wrote a book on how to be the man  
Worst case I'll be down by the river chillin' in my van  
I'm in the back of the class with a backwards hat  
Tryna concentrate on these pages  
And it's usually math where I'm writin' raps  
Thinkin' bright lights on these stages  
Dreamin' all along I might get my songs to go and drop at radio stations  
I might have failed a class but I'm cool with that you can't top this education My crystal ball  
never showed me what life was like  
My crystal ball never showed me a life so bright  
And yeah you show me what to do  
You show me how it is  
But I don't need you  
To show me how to live  
My crystal ball  
My crystal ball  
My crystal ball Went to live the dream, I'm falling  
Rushing to the scene I'm stallin'  
Shot callin' now you see I'm all in

Man I must have stacked the deck cause bitch I'm straight up crystal ballin  
I was freestyling so old school while I was on the mic in the bedroom  
With low ceilings on Pro Tools now that's off the top with no headroom  
Started out on a Tuesday, so hot we couldn't stop it  
Turned my day dreams into day times now I'm feelin' like a prophet  
My crystal ball never showed me what life was like  
My crystal ball never showed me a life so bright  
And yeah you show me what to do  
You show me how it is  
But I don't need you  
To show me how to live  
My crystal ball  
My crystal ball  
My crystal ball
