

Firestarter

The Prodigy

[Verse 1]

I'm the trouble starter, punkin' instigator
I'm the fear addicted, danger illustrated
I'm the firestarter, twisted firestarter
You're the firestarter, twisted firestarter
I'm the firestarter, twisted firestarter

[Verse 2]

I'm the bitch you hated, filth infatuated, yeah!
I'm the pain you tasted, fell intoxicated
I'm the firestarter, twisted firestarter
You're the firestarter, twisted firestarter

[Verse 3]

I'm the self inflicted, mind detonator, yeah
I'm the one infected, twisted animator
I'm the firestarter, twisted firestarter
You're the firestarter, twisted firestarter
I'm the firestarter, twisted firestarter starter
