

# Drop

## Smokepurpp

I need some drop

I need some drop

I need some drop

I need some wock

I need some drop

Aye, where the drop?

Aye, where the drop?

Aye, where the drop?

I need some wock

I need some drop

I need some wock

I need some drop

I need some, I need some

I need some drop

I need some drop

I need a bird (brr)

Color like Durk (ohh)

Feel like Lil Curry (huh)

I need a bird (I need)

Look at my sauce, look at the juice

I feel like a jew, I follow the jewellery on me like a jew

It's getting cold in the stu, I brought my ice in the stu

Sippin' on mud in the stu, sippin' on mud with fruit loops

Walk in the church with ten bands

I got them bands in my pants

I get the bands in my hands

I'm off the lean and some xans

I need some drop

I need some drop

I need some drop

I need some wop

I need some drop

Aye, where the drop?

Aye, where the drop?

Aye, where the drop?

I need some wock

I need some drop

I need some wock

I need some drop

I need some, I need some

I need some drop

I need some drop

I need a bird (brr)
