

# It Ain't You It's Me

Kane Brown

[Verse 1]

Barefoot front porch swingin', here all alone  
Tracin' my steps tryna figure out what went wrong  
You were here one minute then the next you leave  
Now I'm stuck here tryna breathe  
You know that sayin' "It ain't you, it's me"[Chorus]  
But it ain't you that's been going through hell  
It ain't you with a heart for sale  
It ain't you riding 'round this town  
With a ghost in the shotgun seat  
It ain't you that's been tryna call  
It ain't you that still misses it all  
You ain't the one that can't move on, still holdin' memories  
It ain't you, it's me

[Verse 2]

I found some stuff I just couldn't throw away  
Some old T-shirts and pics of us in a frame  
I talk to the walls like they feel my pain  
'Cause the echo of you is here to stay  
I'm just stuck tryna find what it means  
It ain't you it's me[Chorus]  
It ain't you that's been going through hell  
It ain't you with a heart for sale  
It ain't you riding 'round this town  
With a ghost in the shotgun seat  
It ain't you that's been tryna call  
It ain't you that still misses it all  
You ain't the one that can't move on, still holdin' memories  
It ain't you, it's me

[Chorus]

It ain't you that's been going through hell  
It ain't you with a heart for sale  
It ain't you riding 'round this town  
With a ghost in the shotgun seat  
No, it ain't you that's been tryna call  
It ain't you that still misses it all  
You ain't the one that can't move on, still holdin' memories  
It ain't you, it's me  
Mm, it's me
