

# Imagine (feat. AJ Mitchell)

Steve Aoki & Frank Walker

[Verse 1]

I'm losing my mind  
The way you make me feel inside it's  
It's making me high  
Imagination's running?wild

[Pre-Chorus]

Under?your control  
Don't you?let me go  
Take my heart and?soul  
I give you it all  
Don't know what to believe  
It feels like a dream  
What you do to me  
What you do

[Chorus]

I want all the good things  
I want all the bad things  
I want it with you  
I can only imagine  
The pain and the passion  
I want it with you

[Post-Chorus]

I want it with you  
I want it with you  
I want it with you  
I want it with you

[Verse 2]

I'm losing my mind  
The way you make me feel inside it's  
It's making me high, yeah  
Imagination's running wild

[Pre-Chorus]

Under your control  
Don't you let me go  
Take my heart and soul  
I give you it all  
Don't know what to believe  
It feels like a dream  
What you do to me

What you do

[Chorus]

I want all the good things

I want all the bad things

I want it with you

I can only imagine

The pain and the passion

I want it with you

I want all the good things

I want all the bad things

I want it with you

I can only imagine

The pain and the passion

I want it with you

[Post-Chorus]

I want it with you

I want it with you

I want it with you

I want it with you

I want it with you

[Outro]

I want all the good things

I want all the bad things

I want it with you

I can only imagine

The pain and the passion

I want it with you
