

# Let Me Be Your Lover (feat. Pitbull)

Enrique Iglesias

I'm falling in love with party, friends and alcohol  
I'm falling in love with party, friends and alcohol  
We falling in love with party, friends and alcohol  
That's why I'm falling in love, falling in love with you tonight  
Spent my whole life waiting for a  
girl like you  
Baby tell me what I gotta do  
We can leave this party, back to my room  
You could show me a thing or two 'Cause I've been spending all my money  
On these pretty girls and alcohol  
But honey they ain't got a thing on you  
You shoot me once, you shoot me twice  
Now take me to your paradise  
You know there's just one thing left to do  
Let me show you I'm talking about  
If you let me be your lover  
I'd do anything for you  
I could rock you like no other  
Oh oh come on girl get loose  
Baby shake that body, now turn around  
Slow motion for me now (oh yeah)  
Girl you got me going I'm going down  
Yeah you know what I talking about 'Cause I've been spending all my money  
On these pretty girls and alcohol  
But honey they ain't got a thing on you  
You shoot me once, you shoot me twice  
Now take me to your paradise  
You know there's just one thing left to do  
Let me show you I'm talking about  
If you let me be your lover  
I'd do anything for you  
I could rock you like no other  
Oh oh come on girl get loose  
I'm the mailman I deliver  
Take her to dinner  
Conversate a little  
Then I split her down the middle like Miami's river  
I like my women one up one down  
Kerry Kittles  
Here's a riddle  
What's the opposite of walk? Run  
What's the opposite of go? Come  
That means I hit it, I run, you come  
Fe fi fo fun  
Tear the club up!  
All my sexy ladies that came to lose their minds  
Put you hands up high  
Tear the club up!

She ain't looking for a man, she is just looking for a really good time  
That's right  
Tear the club up!  
Let's drink that bottle and forget what we doing tonight  
Tear the club up!  
I ain't trying to be your lover for life just your lover tonight  
That's right If you let me be your lover  
I'd do anything for you  
I could rock you like no other  
Oh oh come on girl get loose If you let me be your lover  
I'd do anything for you  
I could rock you like no other  
Oh oh come on girl get loose
