

# Luv U Need U

## Slushii

All I wanna do is to put my arms around you  
And though she's moving slow, back into place  
All I wanna do is to make you stop and love me  
How can I be blue when you catch me in this feeling like

O-o-oo-o

O-o-oo-ou-hu-huu

O-o-oo-oO-o-o-Okay

I love you, love you, I do

I need you, need you, I do

I love you, love, I do

I need you, need

I love you, love you, I do

I need you, you

I love you, love, I do

I need you, ooh

I love you, love you, I do

I need you, need you, I do

I love you, love, I do

I need you, need

I love you, love, I do

I need you, ooh

I love you, love, I do

I need you, oohAll I wanna do is to put my arms around you

And though she's moving slow, back into place

All I wanna do is to make you stop and love me

How can I be blue when you catch me in this feeling like

O-o-oo-o

O-o-oo-ou-hu-huu

O-o-oo-o

O-o-o-Okay

I love you, love you, I do

I need you, need you, I do

I love you, love, I do

I need you, need

I love you, love you, I do

I need you, you

I love you, love, I do

I need you, ooh

I love you, love you, I do

I need you, need you, I do

I love you, love, I do

I need you, need

I love you, love, I do  
I need you, ooh  
I love you, love, I do  
I need you, ooh
