

Gold

Sir Sly

[Intro]

Mouth is made of metal, metal, metal
Pocket full of yellow, yellow, pocket full of gold
And I hope you find, I hope you find your dream, yeah
Yeah

[Verse 1]

And what did you say back to me?
Dreaming of Maybach cruising
Maybe talking crazy, but I want it
A hundred thousand ways of choosing
Who the hell is out and who's in trouble?
Maybe I'm too subtle

[Chorus]

Mouth is made of metal, metal, metal
Pocket full of yellow, yellow, pocket full of gold
And I hope you find, I hope you find your dream
And darling never settle, settle, settle
Chasin' down the devil, devil
Chasin' down the gods
And I hope you find, I hope you find your dream

[Verse 2]

I'm livin' like a silent movie
Shut your mouth and see straight through me
Findin' that you're hiding in your money (money, m-m-m-money)
I got a million ways of losin'
But nothing in my life worth proving
Chasing, all my time is wasted

[Chorus]

Mouth is made of metal, metal, metal
Pocket full of yellow, yellow, pocket full of gold
And I hope you find, I hope you find your dream
And darling never settle, settle, settle
Chasin' down the devil, devil
Chasin' down the gods
And I hope you find, I hope you find your dream

[Bridge]

It's the push and the pull
It's the rise and the fall
I don't owe you a single thing
I don't owe you anything
It's the push and the pull
It's the big and the small
I don't owe you a single thing
Not a god damn thing

[Chorus]

My mouth is made of metal, metal, metal
Pocket full of yellow, yellow, pocket full of gold
And I hope you find, I hope you find your dream
And darling never settle, settle, settle
Chasin' down the devil, devil
Chasin' down the gods
And I hope you find, I hope you find your dream
My mouth is made of metal, metal, metal
Pocket full of yellow, yellow, pocket full of gold
And I hope you find, I hope you find your dream (I don't wanna do anything)
And darling never settle, settle, settle
Chasin' down the devil, devil
Chasin' down the gods
And I hope you find, I hope you find your dream (I don't wanna do anything)

[Outro]

I hope you find your dream
