

# Back It up and Dump It

## Cali Swag District

[Chorus: C-Smoove]

All I need is a beat that's super bumpin' (Okay)

All I need is a beat that's super bumpin' (Okay)

All I need is a beat that's super bumpin'

And for you, you, you, back it up and dump it (Okay) All I need is a beat that's super bumpin'  
(Okay)

All I need is a beat that's super bumpin' (Okay)

All I need is a beat that's super bumpin'

And for you, you, you, back it up and dump it (Okay) Back it up and dump it, back back it up  
and dump it

Back it up and dump it, back back it up and dump it

Back it up and dump it, back back it up and dump it

And for you, you, you, back it up and dump it

[Verse 1: C-Smoove]

We all on, and I'm in the zone

Everything is in double everybody's got a clone

You see two women so I see four

but to back it up and dump it, make sure you hit the floor! All I need is to be the super bumpin'

And a chick with a face something like LeToya Luckett

We both hands on, something like a puppet,

And her booty like a pillow, make it smooth, wanna pluff it. Make that back drop like a new  
song or album,

I just wanna play out in the middle like Malcolm.

My name ain't big, but I'm something like a falcon

I fly where I wanna be, where are women under me. [Chorus: C-Smoove]

All I need is a beat that's super bumpin' (Okay)

All I need is a beat that's super bumpin' (Okay)

All I need is a beat that's super bumpin'

And for you, you, you, back it up and dump it (Okay)

All I need is a beat that's super bumpin' (Okay)

All I need is a beat that's super bumpin' (Okay)

All I need is a beat that's super bumpin'

And for you, you, you, back it up and dump it (Okay) Back it up and dump it, back back it up  
and dump it

Back it up and dump it, back back it up and dump it

Back it up and dump it, back back it up and dump it

And for you, you, you, back it up and dump it [Verse 2: Yung]

I'm in the back with that Carnavaux

With the light on my neck like a Carnaval

There's too many girls and I want them all

The way they bounce that thing like a basketball Call on my Willy, they talking about Wonka

She backed it up and dump it like a truck, Tonka

King his boy his own, just to fly  
 I'm on rib or drink when the boy passed by. She's looking like a keeper so I think I need her  
 She said her name was Nina she reminded me of my heater  
 So I grabbed her by the waist pull her back and made her dump it  
 Criminal booty, oh my god, I could cuff it [Chorus: C-Smoove]  
 All I need is a beat that's super bumpin' (Okay)  
 All I need is a beat that's super bumpin' (Okay)  
 All I need is a beat that's super bumpin'  
 And for you, you, you, back it up and dump it (Okay) All I need is a beat that's super bumpin'  
 (Okay)  
 All I need is a beat that's super bumpin' (Okay)  
 All I need is a beat that's super bumpin'  
 And for you, you, you, back it up and dump it (Okay) Back it up and dump it, back back it up

 Back it up and dump it, back back it up and dump it  
 Back it up and dump it, back back it up and dump it
