

# All I Want Is You (This Christmas)

\*NSYNC

[Verse 1: Chris & JC]

Snowy night  
Where it's warm here by the fire  
Here with you (here with you)  
I have all that I desire  
It's been a long year  
But somehow we got by  
Now, it's Christmas Eve  
And love is on our side

[Chorus: Chris & All]

I don't need a hundred gifts beneath the tree  
Don't you know the best thing you could give to me?  
Nothing else will do  
All I want is you this Christmas  
(This Christmas, this Christmas)

[Verse 2: Joey, All & Justin]

Children sing (children sing)  
Christmas carols at our door (yeah, yeah, yeah)  
Spreading joy (spreading joy)  
That's what Christmas time is for  
Though we don't have much  
You've got me and I've got you  
Yeah, yeah, yeah  
And with a little faith  
Miracles come true

[Chorus: Justin, All & JC]

And I don't need a hundred gifts beneath the tree  
Don't you know the best thing you could give to me?  
Nothing else will do  
All I want is you this Christmas  
(This Christmas, this Christmas)  
I don't want the love of any other girl  
I want only one thing in this whole wide world  
Nothing else will do  
All I want is you this Christmas  
(This Christmas, this Christmas)

[Bridge: All & JC]

Cheek to cheek, the lights are low  
A kiss beneath the mistletoe  
Your face lit by the fire's glow

That's all I want tonight  
[Chorus: Justin & All]  
And I don't need a hundred gifts beneath the tree  
Don't you know the best thing you could give to me?  
Nothing else will do  
All I want is you this Christmas  
(This Christmas, this Christmas)

[Outro: Justin]  
Nothing else will do  
All I want is you this Christmas, yeah
