

# Pour Whiskey on My Grave

Jacob Bryant

[Pre-Chorus]

When I'm gone don't bring me pretty flowers  
Don't sit and cry for me at my tombstone  
Come and visit me at midnight hours  
With your party on

[Verse 1]

Think of me and recall all the good times  
Bring your memories and a bottle of old Jim Bean  
And take a swig as a haunted honkey tonkman chants  
And remember

[Chorus]

Pour whiskey on my grave, let it seep into my bones  
Have a drink with me, even when I'm gone  
I'll do the same for you if you'll do the same for me  
Turn it up and take a shot, set my spirit free  
Don't forget the promise that you made  
Pour whiskey on my grave

[Verse 2]

When my times up don't let the good times be gone  
Let me still go out like I wanted to go  
I'm kicking it up and drinking with my boots on  
With a rebel song

[Chorus]

Pour whiskey on my grave, let it seep into my bones  
Have a drink with me, even when I'm gone  
I'll do the same for you if you'll do the same for me  
Turn it up and take a shot, set my spirit free  
Don't forget the promise that you made  
Pour whiskey on my grave

[Pre-Chorus]

When I'm gone don't bring me pretty flowers  
Don't sit and cry for me at my tombstone  
Come and visit me at midnight hours  
With your party on

Yeah
