

Jade

LAY

Jade (?) [Yù]
M-m-m-murda
LayDo you know
all the power that you hold baby
My wrist is froze,
they get blinded by the stones baby
I need it
To keep away the pain
Stay with me everyday
Do you feel the same
(Oh baby yeah)
She always know
what I want like she's psychic
You're a super hero baby
let me be your side kick
Ain't seen nothing like it
Everything timeless
They've been looking for it
But I know where to find it?
? ? ? ? ?
?????? You
?????? You
But (n) nobody shine like?
? ? ? ? ?And nobody shine like you
I know you like diamonds too
But (n) nobody shine like
????
??????
??? ???
????
??????
??? ??????
?????? Baby
????
??????????I need it
?????
?????
?????
?????
?????You belong by my side,
keep you with me all the time
I get lost in your eyes,
but that's right where I reside

With my woo
You still make me nervous but it's cool
That's my lil baby that's my wooShe always know
what I want like she's psychic
You're a super hero baby
let me be your side kick
Ain't seen nothing like it
Everything timeless
They've been looking for it
But I know where to find it?
? ? ? ? ?
?????? You
?????? You
But (n) nobody shine like(???????????)?
? ? ? ? ?
And nobody shine like you
I know you like diamonds too
But (n) nobody shine like
?
