

Five Minutes to Midnight

Boys Like Girls

Brown eyes and lungs are filled up with smoke
Fast lives are stuck in the undertoe
But you know the places I wanna go 'Cause, oh, oh, oh I've got a sickness
You've got the cure
You've got the spunk
I've been lookin' for
And I've got a plan
We walk out the door No you wanna just let go
It's time to roll down the windows Sing it, oh, oh, oh Yeah all we need
So here we go
Turn it up
It's five minutes to midnight
You're coming home with me tonight
I can't get enough, shakin' me up
Turn it up Alright
At five minutes to midnight
You see our name in city lights
We'll make the clock stop
Make your heart drop
And come alive We could Pack up
And leave all our things behind
No fact, or fiction, or storyline
'Cause I need you more than just for tonight You're, oh, oh
All I care
I can't stop my breathing
I'm weak and you were my medicine
I won't stop 'till I am under your skin No you wanna just let go
It's time to roll down the windows Sing it, oh, oh, oh Yeah all we need
So here we go Turn it up
It's five minutes to midnight
You're coming home with me tonight
I can't get enough, shakin' me up
Turn it up Alright
At five minutes to midnight
You see our name in city lights
We'll make the clock stop
Make your heart drop
And come alive And when the clock strikes twelve
Will you find another party
Go and kiss and tell
'Cause you know I never will I think we should strike a match
We'll hold it to the wind to

See how long it lasts
We can make the time stand still Turn it up
It's five minutes to midnight
You're coming home with me tonight
I can't get enough, shakin' me up
Turn it up Alright
At five minutes to midnight
You see our name in city lights
We'll make the clock stop
Make your heart drop Turn it up
It's five minutes to midnight
You're coming home with me tonight
I can't get enough, shakin' me up
Turn it up Alright
At five minutes to midnight
You see our name in city lights
We'll make the clock stop
Make your heart drop
And come alive
