

Take It Back

Toni Braxton & Babyface

If we do not like our story
We can write it just the way we want
Take it back to days of glory
And the moonlit nights of making love
I just need to know, you wanna go

[Chorus]
Baby let's take it back
Baby let's take it back
I wanna get it back
Back to the way it was
Baby let's take it back
I know we can get it back
Take it back and get back to
Back to the way it was

[Babyface]
The odds are clearly stacked against us, yeah
So, we've been in this storm for way too long
There are many things that will test us
But we can win this fight if we just stay strong
And I just need to know, you wanna go

[illegible]

So baby let's take it back
Baby let's take it back
I wanna get it back
Back to the way it was
Baby let's take it back
I know we can get it back
Take it back and get back to
Back to the way it was

Baby let's take it back
Baby let's take it back
I wanna get it back
Back to the way it was
Baby let's take it back
I know we can get it back
Take it back and get back to
Back to the way it was
(Ooh Naaah Ooh Naah Naah)
Take it back to love
Let's get back to love
Take it back to love
(Ooh Naaah Ooh Naah Naah)
(Ooh Naaah Ooh Naah Naah)
Take it back to love
Let's get back to love
(Ooh Naaah Ooh Naah Naah)
