

2 Birds

Jez Dior

[Chorus]

I got two birds in the room (in the room)
I got one stoned in the room (in the room)
Baby I got kinda drunk offa two (offa two)
Yea, I might just invite the whole crew (the whole crew)

It's like we gon' throw a party, I'ma invite everybody
I encourage touching bodies, I don't care if you get naughty
I don't care who come, everybody numb
Come & get ya some, all the homies going dumb

It's the muthafuckin' weekend
& I'm fucked up in the deep end
I don't ever feel like sleeping
So I won't & we'll do it all again

I got two birds in the room (in the room)
I got one stoned in the room (in the room)
Baby I got kinda drunk offa two (offa two)
Yea, I might just invite the whole crew (the whole crew)

[Verse 1]

It's lit enough, & you fit enough, & I'm big enough for your biggin' up
And we both know that we gotta live enough, so let's live it up
It's like I barely know your name...wait what is it?
Fuck it, ain't no thang...so girl let's visit
All the places you ain't been yet
We should try it in the deep end
You just gotta get yo feet wet
And then you'll love it & we'll do it all again

[Chorus]

I got two birds in the room (in the room)
I got one stoned in the room (in the room)
Baby I got kinda drunk offa two (offa two)
I might just invite the whole crew (the whole crew)

[Verse 2]

Get your mama on the phone
Tell her you ain't comin home tonight

And get your daddy on the horn
Tell him you're in top form tonight

I wanna work it out, like we we're workin' out
I bet you burn some calories the way you twerk it out
And I'm so sick about the way I'm leavin' town
Ay Badmon Bryan won't you go and kick her out

[Pre-Hook]

It's the muthafuckin' weekend
And I'm fucked up in the deep end
I don't ever feel like sleeping
So I won't & we'll do it all again

[Chorus]

I got two birds in the room (in the room)
I got one stoned in the room (in the room)
Baby I got kinda drunk offa two (offa two)
I might just invite the whole crew (the whole crew)
