

Missing You

Mindless Behavior

[INTRO]

Prodigy: Yo Roc?

Roc Royal: Hey, what up Prod?

Prodigy: She won't even talk to me

(Missing You)

Roc Royal: Just give her some time

Prodigy: But I didn't even do anything wrong

[VERSE 1]

I can't get through

No matter how many times I hit you

You just pick up the phone

See my name and let it go

See me in your log about a hundred times

How long you gon' let this go on?

[B SECTION]

I'm just gon' keep on calling you

Texting you

Blowing you up on your aim

Ya know I don't give up easily

Go ahead and keep deleting me

From your 3G

I'mma be all up in your brain

So you wanna play games?

Thats alright...

[HOOK]

Girl I got something to say (yes , sir)

Don't hang up in my face (that's right)

Cause you too stubborn to let it go

If thats how you wanna play

Keep pushing me away

But make no mistake

Girl I'mma keep on missing you

I'm tryna get to you

But if I can't get through

Ain't nothing I can do but

Keep on missing you

Do what you gotta do

But if I can't get through
Ain't nothing I can do but
Keep on missing you

[VERSE 2]

Yell at me
Tell me off
Call me all out my name
Just pick up the phone
I'm not gonna leave you alone
Don't be mean
How many times I gotta say sorry?
Stay mad if you want
This just means your love is strong

[B SECTION]

I'm just gon' keep on calling you
Texting you
Blowing you up on your aim
Ya know I don't give up easily
Go ahead and keep deleting me
From your 3G
I'mma be all up in your brain
So you wanna play games?
Thats alright...

[HOOK]

Girl I got something to say (yes , sir)
Don't hang up in my face (thats right)

[BRIDGE]

Baby
Forgive me
Trust me
I swear you didn't miss nothing at that party
That girl didn't mean a thing

The only girl I want is you
(Hello)

[HOOK]

Girl I got something to say (yes , sir)
Don't hang up in my face (thats right)
Cause you too stubborn to let it go
If thats how you wanna play
Keep pushing me away
But make no mistake
Girl I'mma keep on missing you
I'm tryna get to you
But if I can't get through
Ain't nothing I can do but
