

# I Love Lady Gaga

## 77 Bombay Street

I take one of the Beatles, two of the Stones  
Three of the Bee Gees so let's rock n' roll  
Four of Michael Jackson, five of Beyonce  
Six of Lady Gaga and here we go  
I also take some Black Eyed Peas on my way  
Rihanna, 47 and some Lil Wayne 'Cause I, I love Lady Gaga  
I, I love Beyonce  
I, I love Madonna (I love you),  
I, I love Shakira. I need a little Kesha, I'm just a little Pink  
Red Hot Chili Peppers and I start to sing  
I like Bryan Adams, I love Johnny Cash  
Move along to J.Lo and try not to crash
