

Human

Of Monsters and Men

When the words
Weigh heavy on the heart
I am lost
And lead only by the starsCage me like an animal
A crown with gems and gold
Eat me like a cannibal
Chase the neon throneBreathe in, breathe out
Let the human in
Breathe in, breathe out
And let it in
Once awoke
It will slowly crawl
Beneath the skin
So breathe in, breathe out
Let the human inThe air is silk
Shadows form a grin
If I lose control
I feed the beast withinCage me like an animal
A crown with gems and gold
Eat me like a cannibal
Chase the neon throneBreathe in, breathe out
Let the human in
Breathe in, breathe out
And let it in
Once awoke
It will slowly crawl
Beneath the skin
So breathe in, breathe out
Let the human in
Cage me like an animal
A crown with gems and gold
Eat me like a cannibal
Chase the neon throne
If I could only let go
