

Your Love

Cash Cash

[Verse 1]

Spot in the crowd, singin' loud
I'd see her always hangin' around
Always hangin' around
Night after night, traffic light
She'd probably let me but I acted polite, acted polite
Because time's in my way
But there's a chance for us today

[Chorus]

So, wrap me up in your love girl, yeah
Just wrap me up in your love, oh
I can't stop it, no, I can't make you stay
And wrap me up in your love

[Verse 2]

You did what you did, then you hid
But you still can't be hangin', hangin' around
Turn me upside down
You did what you did, then you hid
And now I never see you hangin' around, hangin' around

[Verse 3]

Spot in the crowd, singin' loud
It's kinda lonely
Haven't seen you around, haven't seen you around
Night after night, traffic light
Will she still let me, but she's outta my sign, outta my sight
Her eyes keep lookin' away
Like there's nothin' left to say

[Chorus]

So, wrap me up in your love girl, yeah
Just wrap me up in your love, oh
I can't stop it, no, I can't make you stay
And wrap me up in your love
Wrap me up in your love girl
Just wrap me up in your love, oh
I can't stop it, no, I can't make you stay

And wrap me up in your love

[Post-Chorus]

Wrap me up in your love
Wrap me up in your love
Wrap me up in your love
Wrap me up in your love
Wrap me up in your love

[Bridge]

Biggest regret I'll ever have
Was hating myself, one check I could've cashed
And now I stand here waiting
Ready to make this work

[Chorus]

So, wrap me up in your love girl, yeah
Just wrap me up in your love, oh
I can't stop it, no, I can't make you stay
And wrap me up in your love
Wrap me up in your love girl (Wrap me in up in your love)
Just wrap me up in your love (Wrap me up in your love)
I can't stop it, no, I can't make you stay
And wrap me up in your love
Wrap me up in your love
