

Slay (feat. Coco Jones)

Nia Sioux

Impressing you mmmmm
Don't be surprised that's what I do
I slay
And I mean to boo from the
curls in my hair to the tips of my shoes
Too grown for this ain't nobody trying to trip
Got too many goals to be stuck on what cha talking bout
Such a pretty young thing it's true face beat
brains too
I shake my thang but don't get confused
I never back down tell em what we do
Stronger than you think I am
ain't no holding back
Haters throwing shade I ain't got time for that

All I know is we gon get it we gon kill it

all we do is SLAY

You know this is how I act
On my job as a matter of fact

SLAY

All up in my business you can't even handle my fierceness

SLAY

You know we too cute to hate
ain't nobody tripping off a thing you say

SLAY

Excuse me boo you're in my way

You know that we be killin it

You know that you can't handle it

Me and my girl we're bringing ok SLAYYYYY

Stronger than you think I am
ain't no holding back

Haters throwing shade I ain't got time for that

All I know is we gon get it we gon kill it

all we do is

SLAY

You know we're too fly for this
keep my hair on fleek and my nails on did 3x

You know we too fly for this
cause what we slay all day

Stronger than you think I am
ain't no holding back

Haters throwin shade I ain't got time for that

talkin in my ear ya trying start a fight

Cause me and my girl yea we stay down for life

all I know is we gon get it we gon kill it
all we do is SLAY
