

# Handsome Hands

Ingrid Michaelson

I think I'm the only one who knows  
But the emptiness inside we will show...Crave, can you feel me crave?  
And now to an end  
I saw what I can  
And the lights still go where we are going  
Peace is giving me your handsome hands  
And I really can't warm my bodyCrave, can you feel me crave?  
And now to an end  
I saw what I can  
I see you  
How can I feel you?  
How can I feel you?  
How can I feel you?  
How can I feel you?How can I feel you?  
How can I feel you?  
How can I feel you?  
How can I feel you?How can I feel you?  
How can I feel you?  
How can I feel you?  
How can I feel you?  
Can you feel me crave?  
And now to an end  
I saw what I can  
I see you
